Many of these methods were inconvenient and either tedious (for example, repeatedly advertising for a desired trade in Battle.

Because of this, players have found a number of different ways to trade and otherwise obtain items both within and outside of the game.. net chat channels and waiting for responses) or unsafe (e.g., giving credit card information to third-party trading sites).. With Diablo III, we're introducing a powerful auction house system that will provide a safe, fun, and easy-to-use way for players to buy and sell the loot they find in the game, such as weapons, armor, and runes.. Two different versions of the auction house will be available in Diablo III: one based on in-game gold, which players acquire through their adventures, and one based on real-world currency.. What is the Diablo III auction house system? Acquiring epic new gear for your characters has always been a big part of the Diablo experience.
